## PROJECT EXPERIENCE

### ACNH — Animal Crossing Companion App

- Designed for users to track their in-game collection progress and be updated of current player events
- Translated wireframes into responsive, interactive features, using HTML/CSS, jQuery, and JavaScript
- Fetched JSON data from multiple APIs to keep app information current
- Practiced Test-Driven Development with Jasmine and Karma

## WORK EXPERIENCE

### Shelver — Saint Louis Public Library, St. Louis, MO

January 2019 - Present

- Continued growth in previous library position
- Sorted and shelved library materials with a focus on accuracy and appearance
- Assisted patrons daily with locating materials and offering recommendations
- Provided relief to coworkers by overtaking clerical tasks as needed.

### Cleaning Technician — phClean, Ames, IA

January 2016 - May 2016

- Demonstrated hard work ethic and trustworthiness in client homes
- Communicated with clients to provide excellent service while maintaining company reputation

### Library Page — Frances Banta Waggoner Library, DeWitt, IA

August 2012 - August 2013

- Assisted patrons with borrowing privileges, checking out, renewing, and returning circulating books
- Guided patrons using computer software
